Lea County, New Mexico

Gentlemen:

Our Jal office has forwarded your letter of September 2, requesting a C-116 form on above well, to this office for answer.

The letter would indicate that previous notices and requests have been mailed to us. However, they have not been received, which accounts for the delay in replying.

The above well was completed and shut in for the reason that certain work was necessary to make it produce. It has never been hooked up to a pipe line and is presently shut in for further study by Mr. Olsen when he returns to Jal. As soon as it is put on production, a gas/oil ratio test will be made and submitted to your office.

If you desire any additional information, kindly callit to our attention. Thanking you, we are

Yours very truly,

R. OLSEN
