Re: Forms-Harrison #2
Wells #1

Gentlemen:

Although we have received letters from the Oklahoma City office of R. Olsen to the effect that the Harrison #2-D Sec. 27-25-37 and the Wells #1-I Sec. 5-25-37 are now dry gas wells under your operating ownership, we have not received the required forms on these wells. It will be necessary for you to file Form C-104, Form C-110, on which you should also indicate the change of ownership; Form C-128, and an application for a non-standard gas proration unit for the Harrison #2. We have already received an order for the Wells #1, as well as a notice of gas connection.

Yours very truly,

OIL CONSERVATION COMMISSION
