Gentlemen:

This is to advise that the Jal Oil Company - Repollo No. 1, E 28-25-37, Jalmat gas well was disconnected from El Paso Natural Gas Company's gathering system on November 4, 1959, by Jal Oil Company while conducting remedial action in an attempt to restore the well to productivity. Since this action was unsuccessful the well has remained disconnected from El Paso's gathering system.

At the present time El Paso plans to leave the gathering facilities in place, in the event future production is encountered.

Yours very truly,

EL PASO NATURAL GAS COMPANY
