Re: Burleson & Huff #1 Coll Well,
NE/4 of Section 29,
T-25-S, R-37-E,
Lea County, New Mexico

Dear Joe:

We are enclosing 3 copies of New Mexico Form C-102 with regard to the above well which shows that the entire NE/4 of Section 29 has been communitized by voluntary pooling by all owners under that tract. We had our hearing for non-standard unit for the tract yesterday before the Commission in Santa Fe and are awaiting its decision. Since we amended our pleadings to show that all owners were agreeable to the communitized unit I thought it would be in order to send you the amended form C-102.

Yours very truly,
