In re: Sinclair-Olsen-Rudman-
Gutman Tevonian # 1

Dear Mr. Makon:

Confirming my conversation with you by phone this morning, I appreciate being informed that we can proceed with our operations in connection the above well. In the meantime I have submitted abstracts to Sinclair for examination and it is my understanding that it is preparing an operating agreement which of course will be subject to the approval of the Rudman interest and myself.

You will be posted on the progress and proper forms will be submitted to you in due course.

The well is located 660' from east line and 1830' from south line of Section 29, T29S, R37E. It was necessary to move the location 50' closer to my Gutman # 1 in order to avoid an oil line laid across this tract.

Again thanking you for your cooperation, I am

Sincerely,

R. Olsen
