In Re: US-365, Winningham No. 1

Gentlemen:

On November 17, 1953 we received notice from you that only 40 acres would be assigned our Winningham No. 1, Section 30-25S-37E, Jalco Pool, under the new gas proration law until Rule 7 of the Commission Order R-368A is complied with. This appears to be a mistake in that 80 acres lies within a legal quarter section, as shown on the gas plat submitted for this well.

It will be appreciated if you will check this matter so that this well can receive it's maximum permissable allowable.

Very truly yours,

R. OLSEN OIL COMPANY
