Re: Legal Lease
SE/4 Section 31
T-25-S, R-37-E
Lea County, New Mexico

Gentlemen:

Reference is made to my telephone conversation today with Evelyn of your office.

As we discussed over the telephone, Doyle Hartman previously filed a C-104 showing a change of operator from Sun Exploration and Production Company to Doyle Hartman for the Legal No. 2 (I-31-25-37) because at that time it was classified as an abandoned Jalmat Gas well, and Doyle Hartman is the operator of Jalmat (gas) rights underlying the SE/4 Section 31, T-25-S, R-37-E. However, since that time, Sun has re-entered and deepened the No. 2 as a Jalmat Oil well. Therefore, the Legal No. 2 should now be shown as a Jalmat oil well operated by Sun Exploration and Production Company. It is my understanding that Sun is planning to file another C-104 showing Sun to be the operator of the Legal No. 2 from the Jalmat Oil zone.

Please let us know if we can answer any further questions in this regard.

Very truly yours,

DOYLE HARTMAN
