HOBBS, NEW MEXICO

July 16, 1938

Pan American Pet. Corp.  
Box 68  
Hobbs, New Mexico

Gentlemen:

The latest gas-oil ratio test for your Gregory "A" No. 22 in Unit N of Section 31, T-25-S, R-37-E indicates that the well has a ratio of 231,930:1.

In compliance with the provisions of Commission Order R-520 you are hereby advised that the oil allowable for the well will be cancelled effective September 1, 1938. This should give you sufficient time to apply for a non-standard proration unit and file Form C-128 showing the acreage to be dedicated, in order that a gas allowable may be assigned.

Yours very truly,

OIL CONSERVATION COMMISSION
