13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Meridian Oil Inc. respectfully request to continue shut in status, as allowed by CFR for gas wells. MOI is currently evaluating this area for possible workover, either adding more pay and/or recompleting to an oil well in the Langlie Mattix. At present, we are studying the Rhodes area and our plan is to move to the Jalmat field upon completion. This study should begin sometime during the fourth quarter of 1995.
