Gentlemen:

You have for the past several years reported a small amount of gas production on your annual GOR test for the above-referenced well. However, you show no production and show the status of the well as TA on your C-115.

If the well is SI or TA you should show that on your C-116 and if it is producing a small amount of gas you should show that on your C-115.

Please advise the correct status of this well.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Jerry Sexton
Supervisor, District I

ed

2/18/93

Please be advised that this well is Temporatily Abandoned. That status will be reflected on the C-116 that we we will be filing and I have checked the noted months and the status is being reported as (T) on the C-115, with no production. Should you have any further questions, feel free to contact this office. Thank you for bringing this to our attention.
