That said well was drilled to a depth of **5652'** feet,

said depth as shown on **Worth Well Surveys**

It is further certified that the well was drilled to a depth of 5652 feet and a seal in the annular space above the packer was set so as to prevent the flow of water from a stratum below the packer. That this packer was properly set and sealed and absolutely seal off the eye of the well in such manner as to prevent the flow of water from the packer.
