On October 30, 1974, the New Mexico Oil Conservation Commission approved temporary abandonment of this well uptil October 1, 1975. The well had become uneconomical to operate and was shut down. It is planned to plug and abandon this well in the fourth quarter of 1975. Skelly Oil Company respectfully requests that a one year extension to temporarily abandon this well be granted administratively as per New Mexico Oil Conservation Commission Order No. R-5019 to allow time to commence plugging operations.

Expires 10-1-76
