OFFICE OF THE STATE GEOLOGIST  
SANTA FE, NEW MEXICO

## MISCELLANEOUS REPORTS ON WELLS

Submit this report in duplicate to the State Geologist or proper Oil and Gas Inspector within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of water shut-off, result of abandonment of well, and other important operations, even though the work was witnessed by the State Geologist or Oil and Gas Inspector. Reports on minor operations need not be signed and sworn to before a notary public, but such operations should be witnessed by an Oil and Gas inspector if possible.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON DEEPENING WELL	
REPORT ON RESULT OF SHOOTING WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING	
REPORT ON RESULT OF TEST OF WATER SHUT-OFF	<b>XX</b>	REPORT ON REPAIRING WELL	
REPORT ON RESULT OF ABANDONMENT OF WELL			

Bartlesville, Oklahoma

January 24, 1935

Place

Date

Mr. E. H. Wells State Geologist,  
Santa Fe, N. Mex.

MISCELLANEOUS REPORTS ON MINES

The following report was prepared by the State Geologist, in response to a resolution of the Senate, passed March 1, 1894, relating to the coal fields of the State. The report is divided into two parts, the first of which contains a general description of the coal fields of the State, and the second of which contains a detailed description of the coal fields of the State, as far as they are known.

The first part of the report contains a general description of the coal fields of the State, and the second part contains a detailed description of the coal fields of the State, as far as they are known. The report is divided into two parts, the first of which contains a general description of the coal fields of the State, and the second of which contains a detailed description of the coal fields of the State, as far as they are known.
