Re: Application for Triple Tubingless
Completion, State of New Mexico
"BT" (NCT-10) Well No. 2, Lea
County, New Mexico.

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

Attached is TEXACO's Application for triple tubingless completion for the State of New Mexico "BT" (NCT-10) Well No. 2, located 990 feet from the south line and 1970 feet from the west line, Unit 4, Section 2, T-25S, R-37E, Lea County, New Mexico. TEXACO plans to complete this well as a triple tubingless gas-oil-oil completion in the Justis (Gas) and North Justis (Blinbry and Brinkard) Pools. It is anticipated that all zones will flow initially. Approval has been granted previously by the New Mexico Oil Conservation Commission for these zones in TEXACO Inc. C. L. Erwin (E) NCT-2 Well No. 2.

Also attached is a copy of the plat showing the area immediately surrounding TEXACO's State of New Mexico "BT" (NCT-10) Lease and a diagrammatic sketch of the proposed triple tubingless completion. It is respectfully requested that TEXACO Inc. be granted administrative approval for this application as provided for under Rule 112-A.

Yours very truly,

J. G. Blevins, Jr.
