Re: Application for Dual Completion, Getty Oil Company's State "G" #2,
Unit D, Section 2, T25S, R 37E, Lea County, New Mexico.

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

Attached is Tidewater's Application for Dual Completion of Getty Oil Company's State "G" #2. The well is to be a dual tubingless completion in the North Justis Blinbry and Tubb zones. We anticipate that the well will flow initially.

In accordance with the Commission's memorandum dated July 10, 1962, it is respectfully requested that Tidewater Oil Company be granted administrative approval for this application.

Yours truly,

TIDEWATER OIL COMPANY

* Should waivers from all offset operators not accompany an application for administrative approval, the New Mexico Oil Conservation Commission will hold the application for a period of twenty (20) days from date of receipt by the Commission's Santa Fe office. If, after said twenty-day period, no protest nor request for hearing is received by the Santa Fe office, the application will then be processed.

NOTE: If the proposed dual completion will result in an unorthodox well location and/or a non-standard production unit in either or both of the producing zones, then separate application for approval of the same should be filed simultaneously with this application.
