SUBJECT: Division Order R-639-C
Reclassification of Crosby-Devonian Gas Pool

Gentlemen:

According to the provisions of Division Order R-639-C, effective October 1, 1986, the Crosby-Devonian Gas Pool in Lea County, New Mexico, has been reclassified to an associated pool and designated as the Crosby-Devonian Associated Pool.

In order to insure the proper classification for your Gregory-El Paso Federal Well No. 1 located in Unit O of Sec. 33, T25S, R37E, Lea County, New Mexico, please submit Form C-116 (Gas-Oil-Ratio test).

If your well is reclassified as an oil well, it will be necessary to submit new Form C-102 dedicating 40 acres to this well. Also, if you have a change in transporter, you will need to file new Form C-104 designating the new transporter.

We request the necessary forms be filed within 60 days from the effective date of this order.

Very truly yours

OIL CONSERVATION DIVISION
