PACKER-SETTING AFFIDAVIT  
(Dual Completions)

STATE OF New Mexico )  
County of Lee ) ss

L. H. Foster, being first duly sworn according to law, upon his oath deposes and says:

That he is of lawful age and has full knowledge of the facts herein below set out.

That he is employed by Union Texas Petroleum Corp. in the capacity of District Superintendent and as such is its authorized agent.

That on Jan. 13, 1954, he personally supervised the setting of a Motor Model "B" Packer in Union Texas Petroleum Corp.'s  
(Make and Type of Packer) (Operator)

Justice Well No. 1, located in Unit  
(lease)  
Letter 1, Section 11, Township 23-S, Range 37-E, NMPM,  
Lee County, New Mexico.

That said packer was set at a subsurface depth of 3530 feet,  
said depth measurement having been furnished by Pan Geo. Atlas Corp.

That the purpose of setting this packer was to effect a seal in the annular space between the two strings of pipe where the packer was set so as to prevent the commingling, within the well-bore, of fluids produced from a stratum below the packer with fluids produced from a stratum above the packer. That this packer was properly set and that it did, when set, effectively and absolutely seal off the annular space between the two strings of pipe where it was set in such manner as that it prevented any movement of fluids across the packer.
