\* Skelly as operator.

**NOTE:** G. C. Parker drilled this well to 12,600' and Skelly Oil Company deepened the well from 12,600' to 12,950'. Therefore, Skelly Oil Company is responsible for the deviation below 12,600', which we took at 12,675'. The balance of the information was supplied to us by G. C. Parker of Tulsa, Oklahoma.
