Tx& Status

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

Continuation of Tx& Status is requested as plans exist to recomplete the subject well out of the Unit as a lease well in the Langlie Mattix; 7 Rivers - Queen - Grayburg Pool (37240). This work is proposed for mid-2001 after further evaluation of ongoing South Mattix Unit drilling and recompletion activity.
