Re: Wells B-1 No. 3
C-1-25-37

Gentlemen:

Forwarded herewith are completed Forms C-102 and C-104 for our Wells B-1 No. 3. This well has been unable to produce into the gas gathering system of El Paso Natural Gas Company for several months. The well was recently disconnected from that system and tested. The results of this test show that the well should be reclassified to a Jalmat oil well.

It is respectfully requested that an oil allowable be assigned the well in accordance with the test.

Yours very truly,

GCJ-JS
