Gentlemen:

Flow Test No. 2 on the enclosed Packer Leakage Test form for your R. L. Mosley No. 1 located in Unit I of Section 34, T-24-S, R-37-E, seems to indicate a leak.

Therefore, please repair the leak at your very earliest convenience, and retest for packer leakage. Also, please notify this office prior to commencing the test in order that we may have a witness present.

Yours very truly,

OIL CONSERVATION COMMISSION

Jerry Sexton
Supervisor, District 1
