13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

Subject: BLM ORDER KAH-L27-01

Proposal:

- 1- Notify BLM prior to perform test.
- 2- Load casing and test to 500 PSI and chart for 30 min.
- 3- Send chart and subsequent report to request TA status

## Justification:

Texaco respectfully requests TA status on the above well. Engineering staf is currently evaluating this field for future potential in the Langlie Mattix formation..

This well has successfully passed a casing integrity test and presents no danger to surrounding environment.
