Re: Humphrey Queen Unit #13
Humphrey Queen Unit (#14)

The attached Forms C-103 requesting additional extensions for the temporary abandonment of the wells in question are being returned without approval.

Division Rule 202 B permits approval of temporary abandonment at the district level for a maximum period of two years, and these wells have already been granted approval for that period of time. According to Rule 202 B, any further approval would have to come after notice and hearing, but that portion of the rule is being held in abeyance at this time. Therefore, no further filings will be required until you receive notification from the Oil Conservation Division.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
