Instructions

General: This form is designed for submitting proposals to perform certain well operations, and reports of such operations when completed, as indicated, on Federal and Indian lands pursuant to applicable Federal law and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal and/or State office.

Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

Item 17: Proposals to abandon a well and subsequent reports of abandonment should include such special information as is required by local Federal and/or State office. In addition, such proposals and reports should include reasons for the abandonment; data on any former or present productive zones, or other zones with present significant fluid contents not sealed off by cement or otherwise; depths (top and bottom) and method of placement of cement plugs; mud or other material placed below, between and above plugs; amount, size, method of parting of any casing, liner or tubing pulled and the depth to top of any left in the hole; method of closing top of well; and date well shut conditioned for final inspection looking to approval of the abandonment.

PARTIAL 3160

Under the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 et. seq.) 43 CFR 3160(d) provides that you be relieved of the burden of furnishing the information requested by this application.

Under 43 CFR 3160(d) (43 U.S.C. 3501 et. seq.) 43 CFR 3160(d).

PRINCIPAL PURPOSE: The information is to be used to evaluate, when appropriate, appropriate applications, and report completion of necessary well operations, on a Federal or Indian lease.

REQUIREMENTS: 1. When the information and procedures used during the proposed or completed well operations are being used to request and grant approval to perform these actions covered by 43 CFR 3160(d) (43 U.S.C. 3501 et. seq.) Analyze future applications to drill or modify operations in light of data obtained and methods used. (4)(5) Information from the record and/or the well itself is to be used to determine if appropriate Federal, State, local or foreign agencies, when relevant, should be used to conduct regulatory investigations or prosecutions.

Under 43 CFR 3160(d) (43 U.S.C. 3501 et. seq.) 43 CFR 3160(d) (43 U.S.C. 3501 et. seq.) requires us to inform you that

The Paperwork Reduction Act of 1980 (44 U.S.C. 3501 et. seq.) requires us to inform you that

This information is being collected in order to evaluate proposed and/or completed subsequent well operations on Federal or Indian land and leases.

This information will be used to report subsequent operations once work is completed and when requested, to obtain approval for subsequent operations not previously authorized.

Response to this request is mandatory for the specific types of activities specified in 43 CFR Part 3160
