Dear Mr. Crockett:

Your Skelly "M" State Well #4 in Unit L of Section 32, Township 24 South, Range 37 East, is in an area where shallow gas has been encountered on some wells drilled.

Since the gas is not found in all wells, we are not requiring special B.O.P. equipment, but feel you should be advised of the situation as several rigs have been burned up in this area.

Very truly yours,

OIL CONSERVATION DIVISION
