Re: Application for Permit to Drill

Gentlemen:

Attached is an application to drill the following well.

Crosby Deep Well No. 4
Lease #LC-054667
Unit Letter "C"
785' FNL & 1980' FWL
Section 33, T-25-S, R-37-E
Lea County, New Mexico

The subject well will be drilled on the 320 acres currently dedicated to the Crosby Deep Well number 2 (Note: Communitization Agreement #SW876). Therefore upon completion of the subject well, we will produce both wells jointly for one monthly allowable based on a dedicated acreage of 320.

If any additional information is needed in regard to this application, please advise.

Very truly yours,

UNION TEXAS PETROLEUM, A Division
of Allied Chemical Corporation
