13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the final site is ready for final inspection.)

Prize Operating Company purchased the above mentioned well from Vista Resources, Inc effective 3-1-2000. The well has been shut-in since, and Prize would respectfully request that we be able to test well to determine if the well could be turned back to production economically. If the well is not deemed to be economic, then Prize will submit the necessary Sundry paperwork to P & A the well per the BLM requirements. If you have any questions, please contact Mr. Randy Ray with Prize at 817-424-0466.
