Re: Coll A Well No. 2
Unit H, Section 29,
T-25-S, R-37-E
Lea County, New Mexico

Gentlemen:

You were notified on the subject well by El Paso Natural Gas Company that it had been connected to their gathering system. This is not true as we are still working on the well and at present we may not secure a producer. We will file the correct forms to keep you notified of our work.

Yours very truly,

Lewis B. Burleson
