Re: Judy Well No. 3, Unit F
Sec. 7, T-25-S, R-37-E
Lea County, New Mexico

Gentlemen:

The perforations in the Judy No. 3 are across the pool boundaries for the Dalmat and Langlie Mattix Pools. The pool boundary is at 3327' on your Gamma Ray-Neutron Log.

You will need to either get permission from our Santa Fe office to down-hole commingle the two zones, or plug off one of the zones.

Please let us know which way you prefer, and upon receipt of Form O-104, the allowable will be processed while the work is being done.

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
