

Administrative Order NSP-1583

Doyle Hartman

September 12, 1989

Page 2

REMARKS: On December 7, 1955, the Division issued Administrative Order NSP-210 authorizing a 320-acre non-standard gas spacing and proration unit in the Jalmat Gas Pool comprising the E/2 of said Section 32 in which was dedicated to the Gulf Oil Corporation Arnott-Ramsey "B" Well No. 2 located 1980 feet from the North line and 660 feet from the East line (Unit H). On September 29, 1981, Administrative Order SD-81-5 amended this order by authorizing the simultaneous dedication of this acreage to both the Arnott-Ramsey (NCT-B) Well No. 2 and to the Arnott-Ramsey (NCT-B) Well No. 7 located at a standard gas well location 2130 feet from the south line and 990 feet from the East line (Unit I) of said Section 32. The No. 2 well ceased to produced from the Jalmat Pool and was subsequently T.A'd in May, 1986, thereby leaving the No. 7 well actively producing from said E/2 gas proration unit.
