Re: Restoration of Surface
Odessa Langlie Federal No.1
1650 FSL & 660 FEL, Section 14
T-25-S, R-37-E
Lea County, New Mexico

Dear Mr. Brown:

I have notified Gary Blocker of Jal, New Mexico, owner of the surface land in the NE/4 SE/4 Section 14, T-25-S, R-37-E, of my intention to drill a 3700-foot Langlie Mattix test 1650 FSL and 990 FEL of Section 14. We have both agreed that once drilling and completion operations are finished at the proposed wellsite all pits will be backfilled and leveled, all junk and unnecessary equipment will be removed, and any unneeded access road and drill pad area will be ripped to promote vegetation.

Very truly yours,

Doyle Hartman
