Re: Restoration of Surface
El Paso Justis Federal No. 2
330 FSL & 660 FEL, Section 11
T-25-S, R-37-E
Lea County, New Mexico

Mr. Arthur R. Brown, District Engineer
United States Geological Survey
Post Office Box 1157
Hobbs, New Mexico 88240

Dear Mr. Brown:

I have notified Blocker Brothers, of Jal, New Mexico, owner of the surface land in the SE/4 Section 11, T-25-S, R-37-E, of my intention to drill a 3600-foot Langlie Mattix test 330 FSL and 660 FEL of Section 11. We have both agreed that once drilling and completion operations are finished at the proposed wellsite, all pits will be backfilled and levelled, all junk and unnecessary equipment will be removed, and any unneeded access road and drill pad area will be ripped to promote vegetation.

Sincerely yours,

Tommy Phipps,
Executive Vice President.
