17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

The large volume of water and minimal gas produced from this well has made it uneconomical to operate under present pricing and cost conditions. We request a Temporary Abandonment Status as of June 1, 1984.

The tubing has been removed from well and surface equipment may be removed pending further well evaluation.
