13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markets and zones pertinent to this work.)

Lanexco, Inc. request approval for this well to remain the present status of temporarily abandoned. This lease has 5 other wells which produce approximately 150 Barrels of water per day. We are presently disposing of this water with another company, which is in the process of liquidation. This may force Lanexco, Inc. to haul the produced water which in turn will be so expensive we may have to plug the other wells. The alternative to this is to convert this well into a disposal well. We respectfully request at least 90 days approval for TA status.
