Re: Reclassification of Well
E. C. Winters #2-H
Section 18, T25S, R37E
Jalmat Pool

Gentlemen:

Your recently submitted gas/oil ratio test on the above-referenced well will cause the well to be reclassified from oil to gas in the Jalmat Pool.

It will be necessary to get approval of 160-acre NSP and simultaneous dedication of acreage to well #1 and #2 or obtain a 40-acre NSP for well #2.

As soon as your NSP has been approved for this well, your oil allowable will be cancelled and your gas allowable assigned.

Please submit revised acreage dedication plats for both wells reflecting proper acreage dedication.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
