Re: Recompletion
Arnott Ramsay (NCT-B)#10-F
Section 32, T25S, R37E

Gentlemen:

Your intention to abandon the Langlie Mattiz zone and recomplete the above-referenced well in the Jalmat-T-Y-SR Pool has been received. This intention is marked as a proposed oil well but this acreage lies within a 320-acre Jalmat gas proration unit currently dedicated to your Arnott Ramsay NCT-B #1-M.

If this well is to be a gas well in the Jalmat Pool you need to submit an acreage dedication plat dedicating the W/2 of Sec. 32, spotting both the #1 and the #10 wells. If it is to be an oil well in the Jalmat, it will require that 40 acres be deleted from the 320 acres now dedicated to #1.

Please submit an acreage dedication plat for the #10.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
