INSTRUCTIONS

This form is to be filed with the report of the results of the formation tests made in the well after the completion of any newly-dilled or deepened well. It shall record in plain English the nature and extent of all reported results of activity in the well and the summary of all reported tests conducted, including full description of all tests made and the results thereof. The tests shall include, but not be limited to, the following: (a) all reported tests shall also be reported, for multiple completion wells, the number of completions and the results thereof; (b) the number of completions shall be reported, where multiple completions are required, for the well.
