Gentlemen:

The above referenced plugged well site has recently been inspected by an OCD Field Representative in an attempt to release the location.

As a result of the inspection, the inspector found that the following work still needs to be done before it may be released.

1. Location should be clear of all junk and equipment, please remove the following from the location: pipe, cable, bolts, all hoses, trash and barrels.

When the above items have been done, please contact Jerry Sexton at 505-393-6161 or sign this letter below and return it to our address stated above.

Very truly yours,

JERRY SEXTON
