Re: Paduca Unit #2-A Sec. 23, T25S, R32E
Pyro AEK State #2-C Sec. 33, T13S, R33E

Gentlemen:

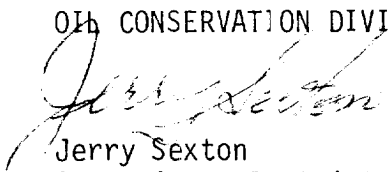

We have had requests for the DSTs on the above-referenced wells and according to our information you conducted DSTs but none were submitted with your Well Completion Report for this well.

Rule 1105 requires that a summary of all special tests conducted on the well, including drill stem tests be submitted with your completion report.

Please furnish this office with a summary of the DST information for these wells.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I

ed

9-6-89 - Mr. Sexton -

I have checked and do not find DST's for the Paduca Unit #2-A Sec. 23, T25S, R32E. There were no DST reports on the daily drilling report. The well file has no record of DST's.

If additional information is needed, please let me know.
