Re: Unorthodox Location **AMENDED LOCATION**
WDQSU 32-95
2630' FSL 910' FWL, Sec. 32
T24S, R38E, Lea County, New Mexico

Gentlemen:

This letter shall serve as our request to have the amended unorthodox location described above approved by your office. The original location, staked 2630' FSL and 970' FWL, was in the center of an overflow pit for the water injection facility at our main tank battery.

On the attached plat, you will note our location lies within the unit boundaries of the West Dollarhide Queen Sand Unit. We are requesting approval of this location because it will also allow us to establish a more efficient waterflood pattern within the unit.

Should you have additional questions, please call.

Sincerely,

Amy L. Whitley
