Dear Mr. Kautz:

Enclosed is a copy of the C-102 well location and dedication plat. This well was originally permitted as an oil well in the Justis Abo Oil Pool but came in as a gas well. We are requesting that the Justis Abo Oil Pool be classified as an associated gas pool. The gas production of this well is below the gas limit of the Justis Abo Oil Pool

Please advise as to what other information you will require in order to classify this well as a gas well in an oil pool.

Sincerely,

**Maria L. Perez
