Dear Miss Gardner:

Please accept our apologies for our failure to file Form C-102s on some of our recent wells and for our carelessness in preparing these forms on the Thomas No. 1 well. We really know better but prepared and sent these last forms without proper attention or consideration.

We enclose new Form C-102s on the Thomas well and Form C-103 as to the test on the surface casing.

We appreciate the courteous way in which you called our attention to the errors and we assure you that we will be more careful from now on regarding the filing of the requested forms.

Sincerely yours,

E. A. Culbertson  
President
