Re: Cooper Jal Unit #126-G
Section 24, T24S, R36E

Gentlemen:

We have this date approved the C-103 covering the downhole commingling of the Jalmat and Langlie Mattix in the above-referenced well. However, we are returning the C-104 submitted showing a downhole commingled test since the Jalmat recompletion C-104 was approved on February 24. Please submit the commingled test on Form C-116 and your allowable will be allocated according to the 70% Jalmat and 30% Langlie Mattix which you recommend.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
