New Mexico Oil Conservation Commission
P. O. Box 871
Santa Fe, New Mexico

Attention: Mr. W. B. Macey

Gentlemen:

Humble's S. W. Harrison Well No. 1 produces as a gas well in the Jalmat Gas Pool and has a 160 acre unit assigned to it which is described as follows:

Township 24 South, Range 36 East, Lea County
SW/4 of Section 25

Our S. W. Harrison Well No. 3, located in the NE/4 of the SW/4 of Section 25, T-24-S, R-36-E, produces as an oil well and is currently carried on the oil proration schedule in the Cooper Jal Pool. The entire producing section of Well No. 3 is in the Jalmat interval, and since we plan to continue to produce it as an oil well, we are requesting that the acreage for Harrison No. 1 be decreased to 120 acres so that the other 40 acres in the 160 acre tract can be assigned to Well No. 3.

We have attached revised unit plate which show the assigned acreage to S. W. Harrison No. 1 as the S/2 of the SW/4 and SE/4 of the SW/4, a total of 120 acres, and the acreage assigned to S. W. Harrison No. 3 as the NE/4 of the SW/4, a total of 40 acres.

Yours very truly,

HUMBLE OIL & REFINING COMPANY

J. W. HOUSE,
Division Superintendent

Asst. Div. Superintendent
