

June 8th

6

Mr. Edgar Kraus - Carlsbad, New Mexico.

6/5/56 - MM:LT

OD-LL

Woolworth #1 - Cooper Field.

Relative to your letter of June 5th, regarding our request for permission to connect with pipe line on our Woolworth #1 at Cooper, we wish to advise as follows:

On May 22nd, 1956, we received a request from the Humble Pipe Line Company for a copy of form C-106 covering this well, and upon checking thru our file, we found that on August 6, 1955, we had sent in the form to Mr. Vessely for approval, but never received the approved copy. In order to have a complete file on this well, we sent in form C-106 and received the approved copy of same in the mail this morning.

We understand that this well is no longer on production, and we hope the above explanation clears the situation. The reports shall be kept in such a way in the future as to avoid a reoccurrence of this kind.

R.A. Hamilton

R. A. Hamilton.

CC- Mr. N. V. Truly,  
Humble Pipe Line Co.,  
Houston, Texas.

Mr. F. J. Vessely,  
State Oil and Gas Inspector,  
Carlsbad, New Mexico.
