Gentlemen:

Referring to the above well and my recent correspondence with you concerning same, I note you are still setting the allowable at 80 acres, or one-half unit. With that in mind I am wondering whether or not you received the photostats of instruments mailed to you several weeks ago, consolidating the Southeast Quarter (SE/4) into a 160 acre unit.

It will be much appreciated if you will place this on your February allowable at a full 160 acre unit, and if you desire any additional information, kindly let me know.

Yours very truly,

R. OLSEN
