CERTIFICATE

This form shall be filed and filed in O-110 with the District Office of the Oil Conservation Commission for each unit from which oil or gas is produced. A separate certificate shall be filed for each transporter authorized to transport oil or gas from a unit. After said certificate has been approved by the Oil Conservation Commission, one copy shall be returned to the transporter, one copy returned to the producer, and two copies retained by the Oil Conservation Commission.

A new certificate shall be filed to cover each change in operating ownership and each change in the transporter, except that in case of a temporary change in the transporter involving less than the allowable period of one operation period, the operator shall in lieu of filing a new certificate with the Oil Conservation Commission District Office, and the transporter is authorized to file on file with the Commission, by letter of the estimated amount of oil or gas to be moved by the transporter temporarily to move oil or gas from the unit. The true of such temporary transporter and a copy of such letter shall be furnished such temporary transporter. Such temporary transporter shall not move any more oil or gas than the estimated amount shown in said notice.

This certificate when properly executed and approved by the Oil Conservation Commission shall constitute a permit for pipeline connection and authorization to transport oil and gas from the property named therein and shall remain in full force and effect until:

- (a) Change in ownership changes.
- (a) The transporter is changed.
- (c) The permit is cancelled by the Commission.

If any of the rules and regulations of the Oil Conservation Commission have not been complied with at the same time this report is filed, explain fully under the heading "REMARKS."

In all cases where this certificate is filed to cover a change in operating ownership or a change in the transporter designated to move oil or gas, show under "REMARKS" the previous owner or operator and the transporter previously authorized to transport oil or gas.

A separate report shall be filed to cover each unit as designated by the Oil Conservation Commission.
