Re: Jal Oil Co., Inc.
Watkins # 2
Unit H, Sec. 35-24S-36E
Lea County, New Mexico

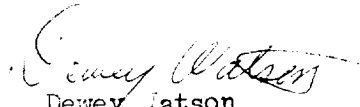

Dear Sir:

This will confirm our telephone conversation of August 15, 1958, concerning testing the above well. As agreed, the well was tested thru the El Paso Natural Gas Company meter at Watkins # 1 well in Unit A-35-24-36. The chart was removed and a new chart was used for testing # 2. When the test was completed the chart used for the test was taken off and labeled as gas from # 2 Watkins. The number 1 well was shut in during the test.

El Paso Natural Gas Company has been notified of the completion and have staked the necessary right-of-way.

The well was tested thru the existing facilities at well # 1 for conservation reasons.

Yours truly,
Jal Oil Company, Inc.

Dewey Watson
Engineer
