Well No. **6** is located **660** ft. from ~~XXX~~ **IN** line and **1980** ft. from **E** line of sec. **35**  
**SE 1/4 Sec. 35** **24 S** **36 E** **N.M.P.M.**  
(1/4 Sec. and Sec. No.) (Twp.) (Range) (Meridian)  
**Cooper** **Lea** **New Mexico**  
(Field) (County or Subdivision) (State or Territory)

The elevation of the derrick floor above sea level is \_\_\_\_\_ ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Hole is plugged back to 3255' in casing with Baker Cement Retainer and cement. Casing was shot with 20 quarts nitro from 3149 to 3169'; 10 quarts 3220 to 3230'; 10 quarts 3254 to 3264'; and 10 quarts in loaded anchor. Hole was loaded with water after placing shot. Hole was bailed dry after shot and showed only slight increase in gas.

Casing was cleaned out to 3145' and casing was swaged and cleaned out to 3220' but could not be swaged or cleaned out below 3220'. 48 days of practically continuous cleanout and swaging operations were consumed in an unsuccessful attempt to clean out below 3220'. Well showed only slight increase in gas with no oil or water after shooting and cleaning out to 3220'. Well is now standing.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for transparency and accountability, particularly in financial matters. The text suggests that organizations should implement robust systems to track income, expenses, and assets, ensuring that all data is up-to-date and easily accessible.

2. The second part of the document addresses the need for regular audits and reviews. It states that periodic audits are crucial for identifying potential issues, errors, or fraud. By conducting thorough audits, organizations can ensure that their financial statements are accurate and reliable. The text also mentions that audits can help in improving internal controls and preventing future problems.

3. The third part of the document focuses on the importance of communication and collaboration. It highlights that effective communication is key to the success of any organization. The text encourages team members to share information, provide feedback, and work together to achieve common goals. It also mentions that clear communication can help in resolving conflicts and improving overall productivity.

4. The fourth part of the document discusses the role of technology in modern organizations. It notes that technology has revolutionized the way businesses operate, providing tools and resources that can enhance efficiency and productivity. The text suggests that organizations should embrace technology and invest in training to ensure that their workforce is equipped with the necessary skills to use these tools effectively.

5. The fifth part of the document addresses the importance of staying up-to-date with industry trends and regulations. It states that organizations must be aware of the latest developments in their field to remain competitive. The text suggests that regular research and analysis can help in identifying opportunities and threats, allowing organizations to make informed decisions and adapt to changing circumstances.

6. The sixth part of the document discusses the importance of maintaining a strong corporate culture. It states that a positive corporate culture can lead to higher employee morale, better performance, and increased loyalty. The text suggests that organizations should focus on creating a supportive and inclusive environment where employees feel valued and motivated to contribute their best work.

7. The seventh part of the document addresses the importance of financial management. It states that sound financial management is essential for the long-term success of any organization. The text suggests that organizations should carefully monitor their budget, control costs, and ensure that they have sufficient funds to cover all obligations. It also mentions that proper financial management can help in identifying areas for cost savings and improving overall financial health.

8. The eighth part of the document discusses the importance of risk management. It states that every organization faces various risks, and it is essential to have a plan in place to manage these risks effectively. The text suggests that organizations should identify potential risks, assess their impact, and implement measures to mitigate them. It also mentions that regular risk assessments can help in staying ahead of potential threats and ensuring the organization's resilience.

9. The ninth part of the document addresses the importance of customer satisfaction. It states that happy customers are the lifeblood of any business. The text suggests that organizations should focus on providing high-quality products and services, responding promptly to customer inquiries, and addressing any complaints. It also mentions that regular customer feedback can help in improving the customer experience and building long-term relationships.

10. The tenth part of the document discusses the importance of innovation and creativity. It states that innovation is a key driver of growth and success in today's competitive market. The text suggests that organizations should encourage their employees to think creatively, experiment with new ideas, and embrace change. It also mentions that a culture of innovation can lead to the development of new products, services, and processes, giving organizations a competitive edge.
