17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Production has declined to .6 bbls. oil, .6 MCF gas and no water per day on this well, making it uneconomical to operate.

We propose to temporarily abandon it on April 1, 1972, by leaving it shut in until the proposed Meyers Langlie Mattix Unit becomes effective, at which time it will be included in the Unit.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
